Day of Record: Nails, Weaves & Naturals

On Monday 7 May 2001 the Victoria and Albert Museum staged its second Day of Record, a series of events cataloguing applied and decorative arts in relation to the body. To celebrate the diversity of Black British hairstyles and nail art, over 1200 people sporting a full range of hairstyles (from cornrows and twists to dreadlocks and natural styles) and elaborately decorated nails attended the event.

This document contains a sample (approx. 15%) of the images taken on the day. The full archive can be found at:
