

What is a Window?

What is a Window? showcases a selection of work by first year BA Interior and Spatial Design students. Asked to choose a London window and explore it through orthographic scale drawings, models, photography and film, they then combined individual windows with their peers to create new spaces. The project culminates in this exhibition, collaboratively designed and curated by the students to present their proposals, ideas and research.

13 - 29 March 2019

**Opening Event
Thursday 14 March
5-8pm**
