FRIDAY LATE
Urban fabric

17 February 2017, 18:45–22:00

Celebrate the softer side of transport at this Friday Late. Inspired by our current exhibition Designology, we are focusing on the versatile seating fabric called moquette that brings splashes of colour to our city's transport. With a variety of talks and workshops, a fashion illustrator sketching portraits and our quiz, we've got something for everyone on the programme.
