Climate Advocate Programme

Climate Advocate Programme Pack

As climate advocates, we seek to suggest changes to the existing courses, and try to further embed the climate justice principles where necessary

**Students
as partners**

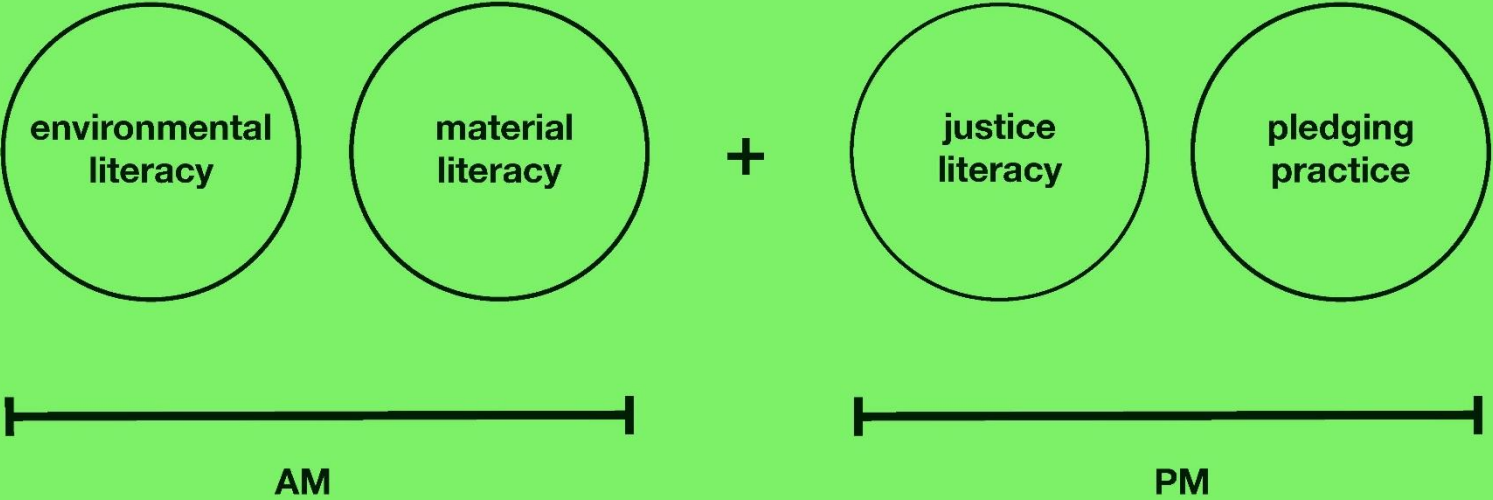

Photo Regenesi Lab workshop

Student partnership and co-creation are as old as teaching. While as a first step, partnership offers less hierarchy, a more democratic approach and an opportunity for students to take an active part in their learning, partnership between staff and students or co-creation have the potential to go further

Project Aims

Climate Education

Educate individuals about daily carbon footprint and climate change impacts.

Facilitate Climate Discussions

Create a space for climate conversation, be an ice breaker while encouraging dialogue and collective learning.

Push for Behavioural Change

Increase awareness of daily carbon emissions to drive long term behavioural change through a carbon and climate education game.

Concept of Carbon Budgeting

Introduce living on a carbon budget as a way to address a sustainable future.
