t.rupp@camberwell.arts.ac.uk

+44(0)207 514 2173

You are invited to attend the next Research Seminar at SCIRIA. The presentations:

Keynote: Prof Stephen Farthing

PhD Candidates:

- **Angie Brew (PhD Candidate SCIRIA, Camberwell)**
- **Leon Barker (PhD Candidate SCIRIA, Camberwell)**
- **Jem Mackay (PhD Candidate SCIRIA, Camberwell)**
- **Nicolas Sarris**
- **Deborah Harty**
- **Birgitta Hosea**

Stephen Farthing will talk about his forthcoming book: 'Drawing in the 21st century: a practical guide'.

Topics in the other presentations include: drawing and perception; experiencing the drawing process; an interface that reads hand gestures; virtual networks for artists; document conservation; animation.

By James Faure Walker

SCIRIA Research Unit

The SCIRIA Research Unit focuses on art and science collaborative research. Current areas of investigation include: creativity and cognition, multi-sensory computer interfaces and the virtual representation of cultural heritage artefacts. The Unit explores and develops the potential applications of emerging interface technologies, including haptics, gesture syntax and biometrics.
